

HPL Waterproof Fluorescent Work Light

Patent
M 340413

Made
In
Taiwan

Features

- IP67. 100% Waterproof protection. Against lubricant and coolant, waterproof, and dust-tight. Suit for severe environment.
- With compact fluorescent lamp, electronic ballast unit and radio frequency. Provides perfect colouring (RA:85) for comfortable vision and long term illumination.
- Thanks to the power factor of 0.96 and the low power consumption, these lamps provide approx. 8000 hours of life and an energy saving of about 80% compared with conventional fluorescent lamps. The lamp is designed for convenient and simple tube replacement.
- High degree of operating safety with automatic switch off of faulty lamps. Lighting with flicker-free soft start, and no stroboscopic effect thanks to the electronic high frequency ballast.
- Lamp cover made of borosilicate glass.
